RE: Ashland Trolley Line Trail
Proposed Trail Construction Project
Update letter

Dear Property Owners and Residents,

As we mentioned before, the Town will provide regular updates on the progress of the referenced project.

- We are at the stage of the process where Dominion Virginia Power needs to raise the power lines to provide clearance so that construction equipment can work safely underneath.
- Dominion Virginia Power is currently designing their plans to relocate their power lines onto taller poles and replace the existing poles.
- Once Dominion Virginia Power relocates their lines, we will begin the process where we ask construction companies to bid on the contract to build the proposed trail.
- We hope to begin construction in the summer of 2018 and we expect construction to be completed within 6 months.

If you have questions about the project, please contact me. You may call me at 804-752-6875, or email me at TDickerson@ashlandva.gov.

To go "paperless", please send me your email address.

Sincerely,

Thomas E. Dickerson
